Overcoming Judgements

DON'T FORGET...

What we see in others is a reflection of ourselves. Everyone we attract into our space is a mirror reflection of who we are in this moment. What we dislike about others is what we like & dislike about ourselves. We must remember to be compassionate to others, especially during challenging times. We reap what we sow, and if we continue to show kindness to others, the universe will be kind to us in return!

WHY WAIT 'TILL CHRISTMAS?

We don't have to wait until December 25th to celebrate life! Each day is a blessing, and it takes just a little bit of effort to see the beauty in everything around us. It seems Christmas may have created the illusion that we need to spend tons of money to show our love & gratitude to others, but we can certainly show each other our appreciation each and everyday. Even if it's a simple "Thank you", or a small handwritten note, those words can make someone's day!
