Live Your Joy in '24 with AMB

Music-Podcasts-Healing-Books

Let's bring in the new year in
the most positive way we can!

"When you start fighting for a life of joy, interest, and commitment, not everyone will be able to follow you to that place. It doesn't mean that you have to change who you are, it means you have to let go of people who aren't ready to be with you. Truth is you ain't for everybody and everybody ain't for you. That's what makes it so special when you find people you have friendship with or mutual love."

- Anthony Hopkins

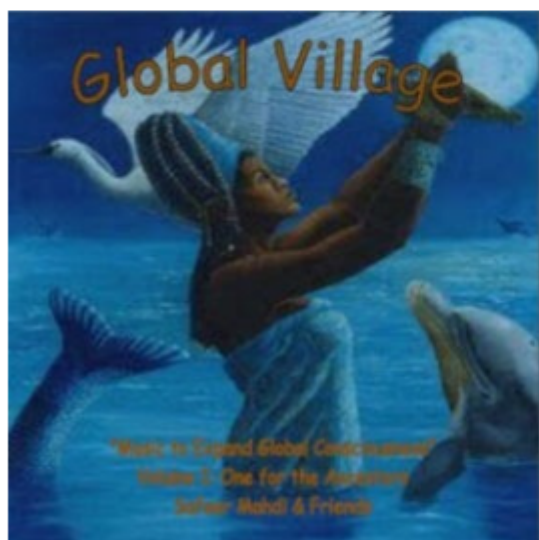

Choosing what's right for you can be challenging, but it's worth it. When you live your truth, the universe will align in your favor.

Your life is your movie because you write the Script produce it, direct it, distribute it, promote it, and star in it! YOU are the master of your destiny and create your own reality. We don't come into this 3D plane of existence dumb, but the mass controllers make us think we come here dumb in order for them to control us. Cultivating common sense through spirit and not through intellect is the key; as long as we put intellect first, the world society and the people will always be out of balance. It's all backwards because everything has become intellectual in this world; the powers that be don't want to put Spirit first because they (the mass controllers) would be out of business with nothing to do. Click on the [Spirituality Blog](#) to help you remember what you already know in your soul-memory.
